PAYING IN CENTS.

Creditors May Refuse Large Sums of Small Change.

Ordinarily when a debtor appears before a long time creditor there is no questioning of the United States coin in which the debt is to be paid, but the wide possibilities possessed by an arbitrary creditor in stipulating just what coins and in what amounts he will receive payment are enough to most to discourage borrowing.

You can't force a mean creditor to take more than 25 cents' worth of nickels or 25 cents' worth of copper cents. If you could get as much as $5 worth of old silver three cent pieces of another generation you could unload $5 worth on him, just as he would have to take $5 worth of the silver five cent pieces and $5 worth of the obsolete twenty cent pieces, which made so much trouble in the late seventies. But you can pay out $10 in silver dimes and silver quarters and silver half dollars. The trade dollars, of which there are a few still coming into the treasury of the United States for redemption, are worth nothing, while the standard dollar is an unlimited legal tender, as is the old "dollar of our dads," the first of which was coined in 1794 and the last in 1873.

Coins that virtually have disappeared from circulation are gold three dollar and one dollar pieces, the trade dollar of silver, the nickel three cent piece, the copper two cent piece, the copper half cent and silver three and five cent pieces.—Omaha World-Herald.

German Paternalism.

American tourists returning from Europe bring back stories of the paternal watch which is kept upon them in Germany. One woman was requested by a policeman to hold up her gown, which was a trailing, elaborate affair of lace and chiffon. It was after dinner, and she was taking a stroll with her husband through a park whose immaculate walks seemed to offer no harm to its delicacy, so she let it hang. The policeman was polite enough. He informed her gravely that any dress that was allowed to trail was liable to collect undesirable matter and prove injurious to health, and he reminded her that one time a law was under consideration to make the wearing of such skirts a misdemeanor.—New York Tribune.

FRIENDSHIP.

It Imposes Serious Duties Upon Those Who Court It.

"When acquaintanceship ripens into friendship, something serious has come into one's life," writes Mrs. Henry Graham in the Onlooker. "I don't think that any one can or ought to afford to have more than one or two really intimate friends. If love has gone with friendship that is, if the gates of paradise have been opened to you, and the guardian angel has sheathed his flaming sword and admitted you through the portals then you must have given everything, and you have very little left to give. A man can have a man friend and a woman a woman, because there are places where men meet men and women meet women alone, neutral ground where the other sex cannot enter because of its limitations, and there real friendship may live and thrive on the crumbs which fall from the rich man's table.

"For friendship implies something serious. You must give of yourself, your real self, and once given it cannot be taken back. One has no right to give up a friendship unless the other person agrees or unless it has become an absolute impossibility, and even then all the obligations of it may survive, while the delights of it die."

King Alfonso's Bet.

When the king of Spain was at Xeres he greatly admired a horse belonging to Senor Rivero, one of the notables of the town, who at once presented him with the animal. The king refused the gift, but the other day at the pigeon shooting at the Casa de Campo, near Madrid, a match was arranged between the king and Senor Rivero. The stakes were, on the king's side, a gold piece of 100 pesetas, and on Senor Rivero's a souvenir of Xeres.

Like a skillful courtier Senor Rivero lost and sent the king the horse which he had so much admired as a souvenir of Xeres. The king could not refuse to accept, but he at once sent the senor one of the best horses in the royal stable in exchange.—London Sketch.

A Mare's Nest.

A "nightmare" was supposed by our ancestors to be the Saxon demon Mara, or Maré, a vampire which sat upon the sleeper's chest and was regarded as the guardian of hid treasure, over which it brooded, as a hen over her eggs, and the place where it sat was termed the nidus, or nest. When any one claims he has made a great discovery which is really no discovery at all we say he has discovered a "mare's nest," a place where an imaginary treasure lies.

The Cause of the Trouble.

"What is the matter with that baby?" growled an irascible husband as the little one persisted in howling and kicking to the extent of his little might.

"The matter is, sir," calmly replied the wife as she strode up and down the room, "the matter is that this baby inherits your temper."

And the husband returned to his paper with a gloomier look than before.

A Panic Stricken Man.

Panic stricken, he gathered the disintegrated money into an old pillowcase, bound it around his waist beneath his clothes and started for Washington. He traveled part of the way on horseback, part of the way on an Ohio river steamboat and part of the way by train. During the journey he never once took off the pillowcase. He even slept with it on. The officials of the treasury department found it difficult to make him part with it.

He did not want to go with a clerk to a hotel for fear the clerk might rob him, but as it was manifestly impossible for him to disrobe in the office he had finally to submit. They got the money at last, and the condition of it was so bad that the treasury expert had to be called to decipher it. So great was her skill that the farmer lost only a few hundred dollars out of $19,000.

FIFTY CENTS
IN some conditions the gain from the use of Scott's Emulsion is very rapid. For this reason we put up a fifty-cent size, which is enough for an ordinary cough or cold or useful as a trial for babies and children. In other conditions the gain is slower—health cannot be built up in a day. In such cases Scott's Emulsion must be taken as nourishment; a food rather than a medicine. It's a food for tired and weak digestions.

Hose Company No. 3 is making great preparations for its masquerade ball, which will be given in the Alhambra on Feb. 18th. The members of the company have all taken the matter in hand and will leave nothing undone towards making the affair a great success. It is several years since a good old-fashioned masquerade ball has been given here, so everyone should turn out and make this one a success. The merchants of the town have been very liberal with the fire laddies, and already fourteen prizes have been donated, and they will be awarded for costumes and door prizes.

The Polish Jew.

Sir Henry Irving's great masterpiece "The Bells" from Erckman-Chatrain's story of "The Polish Jew" will be on the program of the Majestic Theatre, San Francisco, nuring the week starting next Monday night with J. H. Gilmour in the intensely dramatic role of Mathias supported by a select cast from Mr. Bishop's double organization of players. It will be one of the most elaborately mounted productions of the play that has ever been given to it either in this country or England. The dream scene in particular is to be one of the most realistic picturings of that famous setting that has ever been offered on the stage. The role of Mathias is the one in which the eminent English actor Henry Irving made his way into fame. Following "The Bells" the Majestic Theatre will offer "The Mountebank" with Lander Stevens in the leading role and it is one too, that his critics and admirers profess to see him in his best work. On February 6, the management announces the revival of Ella Wheeler Wilcox and Luscombe Searelle's magnificent poetical drama, "Mizpah, or the Story of Esther" which is admitted to the drama of the decade.

A Chicago man complains of the ingratitude of his nineteen children. As he raised them on a total income of $9 a week, it is not apparent that they owe him very much.

Miss Ruth Robertson, a senior of Sequoia, was among the fortunate ones to pass the English examination at Stanford last week. She is fortunate in being through with the subject, and her having passed while half through her senior year speaks well for the English department of Sequoia High School.

The presentation of "A Noble Outcast" at the Alhambra last Saturday night was all that could be asked for in the way of a dramatic production. The members of the dramatic club in the cast carried their parts through in a very creditable manner. The attendance was very good, and the receipts showed that $87 worth of tickets had been sold. The expenses were light, so quite a neat sum will be turned over to the Kindergarten Association, for whom the play was given.

DEATH OF HERMAN BEYER.

A Redwood City Pioneer Joins the Silent Majority.

A well known and respected citizen of Redwood City has passed out of the life of this community in the death, which occurred early yesterday morning, of Herman Beyer, at the home of Mrs. Finger.

About a month ago the deceased was stricken with paralysis, and slowly sank until death came to relieve him yesterday morning.

Mr. Beyer was a native of Germany, aged 83 years. Early in life he graduated from a veterinary college in his native land, and at once was appointed to a position in the German army, where he practiced his profession for some years with great success. Fifty years ago he came to Redwood City, where he has continuously resided. In the early days of the county he was successful in his profession, and later was for twenty-five years a salesman for Holbrook, Merrill & Stetson. When the weight of years came he retired from active business.

Mr. Beyer was a man of great scholarly attainments, possessing the highest order of intelligence. He was an omnivorous reader, and could speak and write French, German and English fluently.

He was a kind hearted man who was ever ready, in so far as he was able, to assist those in distress. Through his long life he made many friends through his uniform amiability, his consistent uprightness in business dealings, and his unstinted generosity. His death will be regretted by everyone who had the privilege of his acquaintance.

The funeral will take place to-morrow afternoon at 2 o'clock, from the residence of Mrs. Finger. All friends and acquaintances are invited to attend, especially the San Mateo County Pioneers, of which organization he was a member. Interment will be in Union Cemetery.

AN INTERESTING TRIAL.

A Witness Jailed for Contempt of Court—A False Registration.

The election contest case of H. D. Pierce against Julius Eikerenkotter was commenced in the Superior Court Tuesday, Judge Smith of Santa Cruz presiding. John Brandrup of Woodside, who was one of the many witnesses called to the stand Tuesday, proved to be very obstinate in giving evidence. He voted at Baden on election day, but had previously moved to Woodside. He was asked by attorney Easten to tell which one of the candidates for Supervisor he voted for. He stoutly refused to answer the question. The Court advised him to answer, but he still refused. He was sent to jail, but was released in a few hours. Wednesday morning he was again called, but still refused to disclose the name of the candidate he voted for. Judge Smith said that in view of the fact that he was not fully satisfied as to the illegality of the vote he would not compel the witness to answer.

The trial of the case was resumed on Thursday, but only a few witnesses were examined.

Peter Pala swore that he registered in Baden, and a few days before the election registered again in San Francisco, but voted in the former place. This did not make the vote illegal, but placed Pala in a peculiar position.

The looked-for sensations have failed to materialize, and if some stronger evidence is not presented when the case is resumed to-day Mr. Eikerenkotter need have no fear of the result.

A NEW HOTEL.

Charles Luscher Will Erect a Fine Building in Redwood City.

Charles Luscher has purchased from Mrs. S. T. Fox for $5250 the property on Main street adjoining the Town Hall, on which Mrs. Barger conducts a fruit store and on which George Durham has conducted his blacksmith business. The place has a frontage of 62½ feet and is nearly 200 feet deep. On this property, which is one of the best locations in town Mr. Luscher will erect an up-to-date hotel. The building will occupy the entire frontage and it is said will cost in the neighborhood of $15,000. It will probably be built of wood with a cement face and will materially improve the appearance of Main street.

The upper story will be fitted for lodging purposes. Suites and single rooms will be arranged for and a comfortable reading room is to be one of the most inviting features. The rooms will all be supplied with every convenience and the place will be up-to-date in every respect. The lower floor will be divided into two parts, one to be used for a store and the other will be fitted up for a first-class restaurant which Mr. Luscher will conduct. This latter will be arranged so that it can be used as a banquet hall. Mr. Luscher's reputation as a caterer insures this feature of the project success from the start.

Redwood City needs more citizens of Mr. Luscher's type. He is one who is willing to stake his money on the future prosperity of the town. The class of establishment which he proposes to erect is one that Redwood City needs and it will without doubt receive liberal patronage from the start.

WOODSIDE CHIPS.

WOODSIDE, January 20.—Miss Mamie Meyer of Cordelia is the guest of her cousin, Miss Edith Bottger, for a few days.

Mrs. G. Squires is erecting a neat cottage on her place in the Cananada for the accommodation of summer boarders. Mrs. Squires' place is becoming known far and wide as a summer home, and her enlarged trade necessitates more room.

P. H. McCarthy, the well known builder of Menlo, was up this way the first of the week. Mr. McCarthy is a very enterprising business man and has some idea of going into business here in the near future (?)

John Kelly is erecting a handsome cottage on his lot adjoining the schoolhouse. When completed Mr. Kelly will have one of the coziest homes in our village.

The dance to-morrow eve promises to be well attended if the weather is favorable. Fine music will be rendered and an excellent supper served.

Mr. Wm. Wright and family, of San Francisco spent a few days with his brother-in-law, H. O. Beatty of this place.

Many from here attended the dance at Las Lomitas school last Saturday evening, and all speak well of a good time.

We are having our share of cloudy, foggy and windy weather, but not much rain, which is not badly needed just at present.

Officer Shine was called to San Francisco last week on business in connection with his office.

Henry McArthur is on the sick list with a slight attack of grippe, but it is hoped nothing serious.

BURLINGAME LETTER.

BURLINGAME, January 20—If some of the Easterners could get a peep at our gardens here at Burlingame they would wonder why vegetation grew so fast but our soil is the very best for flowers and vegetable gardens and it is not so cold as farther down the peninsula. There has been lots doing this week and many new people have been down looking around; some have bought, others said they were coming down again, but all said they liked the looks of things around Burlingame.

Philip Kreiss will have the lumber on the ground in a few days for the new house he is going to build.

Mr. Allen, District Superintendent of the Electric Road, has shown what he thinks of Burlingame by buying fifty feet alongside the Polo Field. He will build at once.

Four other lots in the same block were sold this week and also lot 8 in block 12 to William McKinnon and lot 14 in block 25 to John Ellsworth.

The new lot owners are all men of great credit to any community and we are glad that we have the property to attract such a class of buyers.

Come up and see the next polo match; it will be worth the trip.

SCRIBBLER.

Death of a Pioneer.

Alfred George, one of the county's oldest pioneers, passrd away at the home of his daughter, Mrs. Warner, in San Francisco last Sunday at the ripe old age of 90 years. Deceased was a native of England and located in the county in 1863. He resided on his ranch in the Alpine district until two years ago when he moved to the city. He leaves a wife and seven children: Mrs. Florence Utterback, Mrs. Faye Warner, and Clarence E. George of San Francisco; Mrs. Belle Kelley of San Jose; F. E. George of Redwood City; Edwin George of La Honda, and Alfred George of Tulare. Fourteen grandchildren also survive the deceased.

Good Templars' Meeting.

A special meeting of Golden Star of Good Templars, at Palo Alto, will be held this evening at Jordan's Hall. Several of the grand officers from San Francisco will visit the lodge on this occasion, and a cordial invitation is extended to our sister lodge at Redwood to attend in a body.

COUNTY BOARD IN SESSION

Official Business Transacted by the Supervisors at Last Meeting.

Salvatore Sebastini Petitions the Board of the Appointment of Courthouse Janitor.

The Board of Supervisors met in regular session Monday. All the members were present. F. H. Thorpe, representing Geo. C. Ross, asked the Board to have all matters pertaining to the cemeteries in the north end go over for one month. Chairman Coleman said he would make that order under the head of unfinished business.

A. Osorio of the Fifth Township applied for aid. In his petition he recited the fact that he was 56 years old, unable to work owing to illness. McCracken said he knew the applicant, and explained that he recently met with an accident that would lay him up for two months or more. On motion of Debenedetti, seconded by MacBain, the applicant was allowed aid in the sum of $8 per month from date of his petition.

District Attorney J. J. Bullock reported in reference to the petition of the citizens of Belmont asking that the railroad company be compelled to put gates up on A street and Ralston avenue. Mr. Bullock said he had taken the matter up with the company. C. J. Wilder, acting for the latter, agreed to put up a gate at the crossing on Ralston avenue, and a bell on A street. The report was accepted on motion of McCracken, seconded by Eikerenkotter.

MacBain reported the serious illness of Louis Fowler, of Redwood City. He said he was in a critical condition and needed medical assistance. He did not think he would longsurvive. The chairman made an order authorizing Mr. MacBain to act in the matter and provide medical aid.

S. Sebastiani presented the following petition, asking to be appointed janitor of the Courthouse. The petition was, on motion of Debenedetti, seconded by McCracken, filed for future reference:

To the Honorable Board of Supervisors of the County of San Mateo, State of California: Gentlemen—The undersigned, a citizen, resident and elector of the town of Redwood, county of San Mateo, does most respectfully petition your honorable body for the appointment as janitor of the courthouse. Your petitioner has been informed and believes that a change in the janitorship of the courthouse is soon to be made, and for that reason he respectfully makes this application. Your petitioner has been a resident and citizen of San Mateo county for 25 years last past, and if given the position will fill the same to the satisfaction of your honorable body.

Yours respectfully,

SALVATORE SEBASTINI.

We, the undersigned, citizens, residents and electors of the Town of Redwood City, do most heartily endorse the above application and recommend Mr. Sebastino Salvatore for the above position:

On motion of McCracken, seconded by Debenedetti, the Auditor was instructed to transfer the sum of $1000 from the General Road Fund to the Fifth Road Fund. On motion of Eikerenkotter, seconded by Debenedetti, the sum of $1956 was also transferred from the General Road Fund to the Second Road Fund.

MacBain called the Board's attention to the unsafe condition of the bridge on the main county road over San Francisquito creek. He explained that he instructed the County Surveyor to inspect the bridge, and according to his report some action should be taken to put up a new structure. It is a joint bridge and the cost of building will have to be paid by both San Mateo and Santa Clara counties. Surveyor W. B. Gilbert corroborated the statement of MacBain in that the bridge was unsafe for travel. On motion of Eikerenkotter, seconded by McCracken, MacBain was appointed a committee of one to confer with the Supervisor of the township in which a portion of the bridge is located.

MacBain presented plans for a small bridge on the Summit Springs road, near King's. He explained that it would not cost more than $300. On motion of MacBain, seconded by Eikerenkotter, the plans were accepted. As it was a case of urgency MacBain was, on motion of Eikerenkotter, seconded by McCracken, authorized to build the bridge without advertising for bids, the construction to be done by day's work.

MacBain explained to the Board that his attention was called to the unsafe condition of the bridge over the San Francisquito creek, near the residence of J. Henry Meyer. He was informed that the county would be liable for damages in case of an accident. He was also informed that the bridge was never legally accepted by the county. District Attorney Bullock said it was not, and was erected in 1894 by the Stanford Estate. He explained that Judge Fitzpatrick was familiar with the matter, and that gentleman being present, said the old road to the Stanford University was closed by the Supervisors of Santa Clara county without any authority of the Supervisors of this county. That a new road was constructed to the University and a bridge built at the expense of Mrs. Stanford. The new road was never accepted, nor the old one legally closed. The matter was held in abeyance for investigation.

On motion of Eikerenkotter, seconded by MacBain, the application of F. Anderson for a liquor license to do business on the San Bruno road was rejected. On motion of Eikerenkotter, seconded by McCracken, all cemetery matters were deferred for one month.

No further business appearing, the Board adjourned to Monday, Feb. 6th.

Steamer to San Francisco.

J. J. Murphy and Captain Verry were here Thursday soliciting business for the steamer "Mount Eden," which will begin next week to ply between this city and San Francisco. Daily trips will be made, carrying freight to and from the metropolis. Mr. Murphy in an interview said that he intended to give a good service and low rates in order to build up a fair business. He met with considerable encouragement among the business men. The steamer will make a landing at the deep water road wharf.

Suit For a Bill.

M. J. Scarpa, by his attorneys, W. A. Beasly and H. Ray Fry, on Monday began an action in the Superior Court of Santa Clara county against Joseph Scarpa and George J. Ames, doing business under the firm name of the Scarpa Meat Company, at Mountain View, for the recovery of $2136.40, alleged to be the aggregate amount due upon several counts which are set out in the complaint, as follows:

For labor performed, $306; for rent of shap and barn in Mountain View for eight months, $297.50; for live stock, meat and hides, $1500.71; for storage of hay, $26.25.

Death of a Young Man.

WILL RACE HERE.

Stanford and University of California To Hold Annual Regattas.

For the past two years those interested in rowing at Stanford University have been looking about for a good place to hold the annual meets with the University of California, and a suitable place to practice for these events has at last been found in this town. It was at first thought that a good place had been secured at Cooley's Landing. It had almost been decided on to take this place when it was discovered that there was a much better course at the end of the deep water road in Redwood creek. There a straightaway course of nearly a mile has been secured, with water enough at any time of the day to permit rowing. The time of going to the Redwood course is only about one-half of the time that it takes to go to Cooley's. The boat club, after careful inspection of both places, decided on Redwood, and the creek here will be in the near future the scene of many races.

Permission has been granted by the City Trustees to the boat club to put up a boathouse, and work will commence on its erection very soon.

TOWN COUNCIL.

The Gas and Electric Company Ask for Permission to Lay Mains.

At the meeting of the city council Monday night two bids were offered for furnishing and laying additional sewer mains on Tenth and Third streets, the proposals being as follows:

The United Construction and Realty Company—1100 feet of 6-inch pipe, per foot, 34½ cents; 225 feet of 5-inch pipe, 34 cents; two manholes, complete, $42.50 each.

W. O. Dodge—For 6-inch pipe, per foot, 27 cents; 5-inch pipe, 24 4-5 cents; two manholes, $25 each.

The contract was awarded to Mr. Dodge, he being the lowest bidder.

Paul Demartini, who conducts a saloon on Sixth and Arguello streets, petitioned the board for permission to move his place of business to the southern corner of his block on Fifth street, and on motion of Foley the request was granted.

It was announced that the United Gas and Electric Company would shortly apply for permission to lay new mains through the town for the purpose of carrying gas to Palo Alto. The decision of the board was that permission be granted, with the understanding that the company furnish a bond of $1000 as a guarantee that it would place the streets in good condition after completing the work.

The request of J. G. Liguori for permission to use the city sewage for filling up portions of a tract of marsh land recently reclaimed by him was denied, as such a privilege would be contrary to the provisions of the city's sanitary ordinance.

In view of the extensive street work planned to be carried out during the year, the board expressed its desire that curbing be promptly laid where ordered, as that work will shortly be followed by the grading and macadamizing of the streets so curbed. Delay may seriously interfere with the improvemeni that is performed.

Treasurer Towne reported cash on hand in the general fund to the amount of $5286.30.

AT THE CENTRAL.

"Jerusalem, or The Holy City," to Be Presented Next Week.

By far the best attraction that has ever appeared at the Central Theater, San Francisco, will be produced on Monday night, January 23, and it is the greatest of all biblical plays "Jerusalem, or the Holy City." This play which is programmed as "a powerful dramatic story of Old Jerusalem at the time of Our Savior." In writing this play the author has taken the bit in his teeth and defied tradition as well as challenged criticism. The introduction of religious subjects, or anything pertaining to the birth, life and death of the Savior of mankind upon the stage has been tabooed for years and a number of managers have lost fortunes in trying to produce the "Passion Play" before an American audience. This play is as near an approach to the original "Passion Play" in theme, action and language, as it is possible to make it, and yet withal is an nearly original as it is possible to create a play upon this subject. In witnessing the production one secured all the thrills and sensations of high class melodramatic scenic productions and at the same time the same spirit of reference and exaltation as if listening to a high grade sermon. In this respect the play is a wonderful success, as there is never a moment during the entire play when this air of reverence is missing.

Dr. Pond of Oakland will soon commence the building of a fine residence in the Pelhemus tract.

Mrs. Coxen was here this week looking for a desirable house to rent but was unable to find one. All the cottages in town are rented.

P. O. Nelson has accepted a position as coachman for Mr. Gallaghan at La Loma Park. Mr. Gallaghan has a fine stable of speedy trotters.

The grounds around the Church of the Nativity are being improved and beautified. The old lawn is dug up and a new one is about to be sown.

The saloonkeepers in town have mutually agreed to close at 11 o'clock. All the barrooms will close at 11 o'clock after the first of the month.

James L. Flood has sold to E. W. Hopkins fourteen acres of land adjoining Mr. Hopkins' property to the rear of John T. Doyle's residence.

P. W. Cummings, a wealthy resident of San Francisco, has about closed negotiations for a portion of the Coleman tract. He will erect a fine residence next summer.

The dance at Las Lomitas last Saturday night was a great success. The gross receipts were $200. The dance was given to provide funds with which to purchase a piano for the school.

Cook's Decorative Company, of San Francisco, are at work on the interior of A. J. Marcus' residence. Mr. and Mrs. Marcus, who have been spending the winter at the St. Francis Hotel, will be down for the summer next month.

The horse and buggy stolen from J. E. Maloney last week has not been recovered, though a reward of $50 has been offered. The officials in adjoining counties have made a thorough search, but without success. The animal was the best and most valuable in Mr. Maloney's stable.

The engagement of Miss Lilly Spreckels, daughter of John D. Spreckels, and Harry Holbrook, was announced this week in San Francisco. Mr. Holbrook is the well known club man and treasurer of the firm of Holbrook, Merrill & Stetson. He is very popular in society circles. He has a promising business career.

J. B. Coryell of Fair Oaks, acting in the interest of the San Jose-Los Gatos Interurban Railway Co., has secured several valuable rights of way below Mayfield. Among those obtained was a strip through the Rancho la Purisima Concepcion from Mrs. Herlinda Armos, and another adjoining piece from Mr. and Mrs. Thomas A. Garcia.

F. A. Johnson, Jas. E. Fitzgerald and James Andrews were appointed a committee at the last meeting of Menlo Parlor, N. S. G. W., to draft suitable resolutions to be forwarded to Assemblyman R. H. Jury, at Sacramento, urging him to oppose the scheme of transferring control of the Yosemite Valley from the State to the Federal Government. The resolutions have been forwarded and a reply has been received from Mr. Jury. He says the Legislature is in favor of the transfer, inasmuch as the Government owns nearly all the land in that vicinity, and with its vast resources could spend ten dollars for improvements where the State could not outlay one dollar.

Monday evening the trustees of Mayfield announced that they would advertise the franchise as petitioned for by the Interurban Company for sale. The Parkinson Company wanted a franchise without the formalty of advertising. The two rival companies will no doubt bid for the coveted franchise when it is offered for sale. The route of the Interurban Company as outlined in its petition will run from the site of the new Santa Clara College through the fertile lands of the Taafe tract, now being rapidly settled up, and reach Mayfield by one of the roads near the new Alta Mesa Cemetery, and thus make all of that section tributary to this locality. In addition to the commercial aspects the route will be one of splendid scenic attractiveness and one that no doubt will be much sought by pleasure-seekers. From the elevations over which the road is planned to pass a fine view of San Francisco bay and the lowlands north and east may be had. Capped centrally, a little to the south and readily discerned, is the Lick Observatory. The route of the Interurban from the northern limits of town of Palo Alto has not been made clear, though a petition from the same company for a franchise for a road from the point named to the now closely guarded Bonair which is before the Supervisors. The route of the new road into this county has not been made known.

Breen Admitted to Bail.

Lost Monday District Attorney Bullock filed an information in the Superior Court against Jeffrey E. Breen, charging him with manslaughter for the killing of Peter Olsen at Burlingame on Dec. 16th. Breen, with attorney E. F. Fitzpatrick, was in court. He waived time to plead and at once pleaded not guilty to the charge. Attorney Fitzpatrick asked that the prisoner's bail be fixed, whereupon the Court set it at $5000. Breen presented his bond in that amount, his sureties being Philip E. Meyer and Thos. W. Breen, who qualified for $5000 each. The bond was accepted and Breen was discharged from the custody of the Sheriff.

COMPENSATION.

All Things Are to Be Had If One Will but Pay the Equivalent.

Life consists almost wholly of buying, selling, paying. There are no gifts, nothing that does not call for an equivalent. If we cannot pay for gifts in kind we must pay in gratitude or service or we shall rank as moral bankrupts.

If I would have a good situation I must pay for it not only in labor, but in promptness, intelligence, faithfulness and good manners. If I would have good service I must pay not only in money, but in consideration, recognition, appreciation, fairness. I can hold no one to me if I misuse him.

All things are to be had for the buying. Would you have friends? Then pay the price. The price of friendship is to be worthy of friendship. The price of glory is to do something glorious. The price of shame is to do something shameful.

Friendship, glory, honor, admiration, courage, infamy, contempt, hatred, are all in the market place for sale at a price. We are buying and selling these things constantly as we will. Even beauty is for sale. Plain women can gain beauty by cultivating grace, animation, pleasant speech, intelligence, helpfulness, courage or good will. Beauty is not in the features alone; it is in the soul also.

Good will buys good will, friendliness buys friendship, confidence begets confidence, service rewards service, and hate pays for hate, suspicion for suspicion, treachery for treachery, contempt for ingratitude, slovenliness, laziness and lying.

MONKEY PRANKS.

The Way One Cunning Ape Served a Thieving Crow.

Recently a monkey got the better of the common enemy, the carrion crow, by feigning illness. He was fastened to a bamboo pole with a running ring. When he was on his perch the crows annoyed him by stealing from his porringer on the ground.

One morning they had been specially disagreeable. He closed his eyes and feigned a bad illness. When his day's food was brought him the crows descended upon it, and he had scarcely strength to defend it. By good acting he managed to capture one of the crows. To pluck it alive was the obvious course. Then, instead of pulling it to pieces, like the king monkey whom Kipling and Sir Edward Buck watched enjoying a similar triumph at Simla, this monkey tossed the crow into the air, where its own companions fell upon it and killed it.

Monkeys certainly have a sense of fun. Darwin used to spend hours watching a young female orang outang in the zoological gardens and was sure that she had the comic sentiment. She delighted to put upon her head, like a cap, a peculiar shaped bowl, which had a droll effect, and she was sensitive to the effect which her joke produced upon the spectators.—Lahore Tribune.
